ROCKEY, Don C. Appl. No. 10/611,432 June 28, 2006

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

- (Currently Amended) A method of reducing portal hypertension in a patient in 1. need of such reduction comprising administering to said patient, via intravenous administration, a nucleic acid sequence encoding a polypeptide having neuronal nitric oxide synthase (NOS) activity under conditions such that said sequence is expressed and said reduction is thereby effected.
 - (Cancel). 2.
 - (Original) The method according to claim 1 wherein said sequence is present in a 3. vector.
 - (Original) The method according to claim 3 wherein said vector is a viral vector. 4.
 - (Original) The method according to claim 4 wherein said vector is an adenoviral, 5. retroviral or adenoassociated viral vector.
 - (Original) The method according to claim 1 wherein said patient suffers from б. cirrhosis.

ROCKEY, Don C. Appl. No. 10/611,432 June 28, 2006

(Currently Amended) The method according to claim 1 wherein said nucleic acid 7. is intravenously administered via the femoral vein of said patient.
